My dear

When I saw Jack  
Sunday he was wear-  
ing one of his dress  
shirts, which they have  
to wear to dinner &  
on Sundays - but I  
had forgotten to get  
the links etc, & the  
mother had gotten a  
link here & and there  
so he had two <sup>different kind</sup> and  
for a stick pin she  
had put in a lady's

fairly headed pin and  
for a tie clamp. had  
fastened the tie down  
with an ordinary pin  
so Monday I got him  
a set - Links, pin &  
clamp - and put in  
a metal-tipped knife -  
(which no one will take  
away from him) -

I could see his eyes  
shine when he  
opened the box.

Could you imagine  
them shine as they

did six yrs ago. Well  
they are like that now  
most all the time.  
I had hoped he would  
write me today or yes-  
terday that he had them,  
but he has not written  
a word so far. They won't  
let a letter go out unless  
it is in just the proper  
shape, they told me. As  
soon as he writes will  
send it.

They have a dance next  
wk. and all the boys  
have jumps for that  
& dress shoes for dinner.  
But I think his dress shoes

will do. His chum <sup>Edwin</sup>  
is a "Stanford" boy &  
Jack says he is for  
Stanford too - not U of C.  
Edwin is the son of  
a wealthy lumber dealer  
in the city. His sister  
had a birthday party  
last wk & Jack wanted  
to give her one of his new  
kdkfs, but the mother  
fixed it up so his feel-  
ings were not hurt - it  
was all he had to offer.

If you can find that  
other military brush, with  
you would send it - as  
this is just worn out & he  
needs a good one.
